

SPECIALTY VEHICLE RESTRAINTS

ON ROAD COMMERCIAL VEHICLES

SHIELD 
Trusted. Everywhere.

SAFETY AND SATISFACTION GO HAND IN HAND.

Just like you, SHIELD cares deeply about the safety of your customers. That's why all of the more than 15 million restraints we make each year are rigorously engineered for outstanding reliability.

SHIELD is proud to be the industry leader in occupant safety systems for trucks, vans, school and transit buses, motor coaches, RVs, emergency vehicles and other types of on-road specialty vehicles. We produce seatbelts of every conceivable configuration for every conceivable application -- from the simplest 2-point, non-retractable lap belt to the most sophisticated multi-point belts with multiple retractors.

Beyond conventional seatbelts, SHIELD also designs and produces customized products, such as sleeper bunk restraint nets, cargo securement nets, tie downs and straps.

PUT OUR EXPERTISE TO WORK FOR YOU— AND YOUR CUSTOMERS.

Our global team of expert designers and engineers is ready to provide you with a custom solution that exceeds your expectations for performance, value and service. Contact your regional SHIELD office or visit trustshield.com today.

SHIELD products enhance protection, while providing optimum in-vehicle performance and comfort.

TRUST. It's what we earn every day by combining practical innovation with exceptional performance and value. The world's top vehicle manufacturers, seating providers and aftermarket distributors all trust SHIELD for specialty vehicle restraints.

Emergency Locking Retractors

Performance-tuned to maximize occupant comfort and safety, while minimizing nuisance locking

Mono- and dual-sensitive configurations

Modular, customizable frames for a wider range of mounting and stowage options

Reverse-wound configuration available for webbing route stand-off

Large-spool options that eliminate the need for belt extenders

High-visibility webbing colors and patterns

Extensive array of sensor configurations, motor spring choices and enclosure designs

Automatic Locking Retractors

Compact configurations available with 2- or 3-inch webbing

Large-capacity configurations available with 2-inch webbing

Enclosure design options for each retractor type

High-visibility webbing colors and patterns

Anti-cinching options for maximized ride comfort

Buckles

End-release and center-push configurations

Variety of mounting options — cable, web, metal strap, or LCR strap — for heavy-duty applications

Electric-switch capable

Over-Molded Pillar Loops

Low-friction designs

Superior corrosion resistance

Decorative bolt caps available

Height Adjusters

B-pillar mounted

In-line adjustable

Bunk Restraints and Net Solutions

Custom-designed to virtually any application

Multiple mounting, connection and stowage options

Seat Tethers, Door/Hood Check Straps and Tie Downs

Adjustable and fixed-length designs

Wide array of attachment and mounting hardware options

High-visibility webbing colors and patterns

MAYFLOWER ELR RETRACTORS

**3 POINT SEATBELT
PERFORMANCE TUNED RETRACTOR**

2INCH MINI ALR RETRACTORS
