

**New Product Offering!**

# SEAT TRACKS

**High quality, configurable seat tracks to fit most applications.**

Three track platforms to select from to fit your needs. Our seat tracks accommodate a variety of seat configurations based on belt load points, seat design, and seat application.

- **Light duty:** For applications with belt load points at the vehicle structure
- **Medium duty:** For all belts to seat (ABTS) applications
- **Heavy duty:** For all belts to seat (ABTS) with heavy load requirements/recliner applications

## **Configuration Options:**
